GUIDE TO VERIFY IF A STUDENT HAS A CHROME ACCOUNT
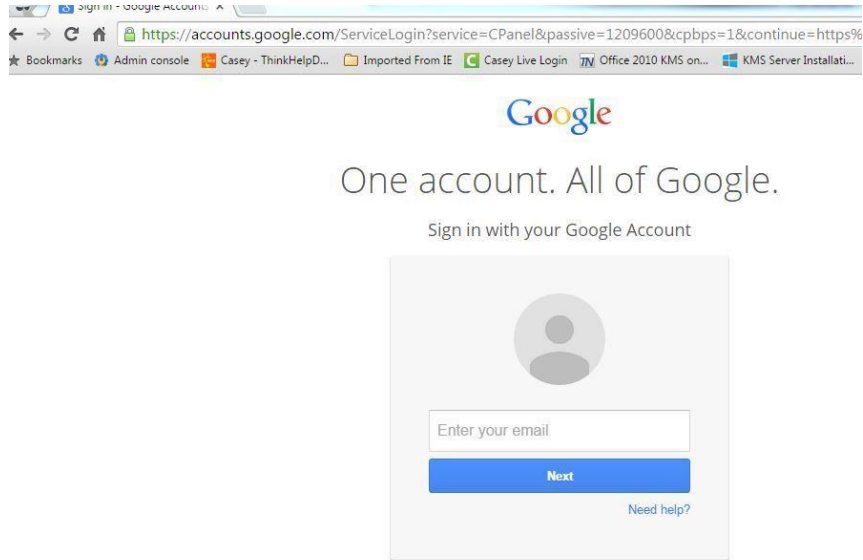

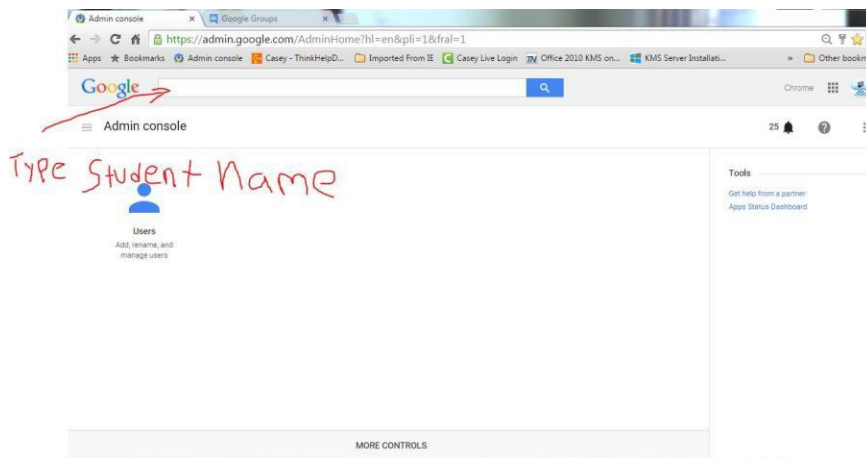

1. Login into the google admin console with your chorme/google account:

https://admin.google.com

*note: you have to part of the school administrators group to be able to do this.*

2. You home screen will look like :

Type the student you want to find : example *Jessica Rosario*, or type just *Jessica* and it will show a list of students named Jessica.

Select the student by clicking at her/his name.

3. This is the screen with the student information.

4. Their password is the same that their email/computer/wifi password. You can find out about the password with the computer lab teacher.
5. To go back to home click on the Google icon
