## MAKE UP WORK: TESTS, QUIZZES, AND IN-CLASS AND LAB ASSIGNMENTS

- Students can make-up lost lab time from 3:00 PM to 4:00 PM - with pre approval
- Students will have three days to make-up any excused absence and still receive full credit
- Students can be on homebound for no more than two weeks in any welding class, due to the majority of the class being focused on the lab
- Students that become unable to work for any reason must also find alternate means after two weeks

## FEES

- Students will be furnished with one pair of safety glasses at the beginning of the year, if they become lost or broken students must purchase their own.
- Students must purchase their own gloves.
- The school provides welding jackets and helmets for students to share at no cost – All students are encouraged to purchase their own welding supplies if possible.
- Lockers w/locks are provided for personal storage.
- Hearing protection will be provided by the school when needed.
- Students must pay for any lost or damaged books at cost before graduation.
- Field trips may require a fee for registration and transportation.

## Classroom and Shop Rules for Welding
